

AEC Europe – Press Release

RAM 1500, Dodge Charger & Durango at 2013 Geneva International Motor Show.

AEC Europe, in part with Chrysler LLC and Fiat Group SpA, will present select **Dodge & RAM** models during the Geneva Motor Show. (March 7-17, 2013)

The visitors will not only have a unique opportunity to browse on more than 250 square meters, but also to marvel at the iconic Charger SRT8, 6.4-liter Hemi V8 470 hp (346 kW) with cylinder deactivation, launch control, adaptive speed control and other technical highlights.

The brand-new 2013 Ram 1500 model, which was recently named "Truck of the Year" by the "Motor Trend" magazine will be presented on site featuring numerous exciting improvements including the newly developed 8-speed automatic transmission (available for both V6 and V8 models), extensive infotainment options and last but not least its sheer overwhelming towing power.

In addition, SUV fans will be able to have a glance at the luxurious Dodge **Durango Citadel** and explore its variable 7-Seats-concept. Its elegant design, gleaming 20-inch aluminum chrome-clad wheels, extensive security system and the famous fuel efficient V6 Pentastar® engine make the Durango a truly unique family vehicle.

With this exciting model line-up AEC Europe offers a perfect match for each fan at this year's motor show.

These Dodge & RAM vehicles will be presented with AEC Europe at the 83rd Geneva Motor Show in cooperation with Fiat Group Automotive on **Stand 6440**. AEC Europe's representatives will be delighted to speak with the media during the press days (March 5th and 6th, 2013) and meet with anybody during the public days.

About AEC Europe

AEC Europe is the fastest growing dealer network in the European Union with the focus on American vehicle brands. Within the last two years the number of the European dealers has outgrown 120 and since 1996 the company has delivered over 15,000 vehicles to its satisfied customers. AEC Europe's parent company - A&T Leasing – has the longest continual contract with Chrysler International of any European Sales Partners and offers the following Dodge & RAM models: Charger, Challenger, Durango and Ram. The company also supplies MOPAR auto parts. Additional information can be found here: www.aeceurope.com.
